Dear Troop 19 Family:

Well, it's the end of 2007 . We have had a great year, camping trips, activities, Camporees even working the Panther games and having fun. I want to take this time to say thanks for all you do for the Scouts of Troop and Crew 19.

I also want to take time, to thank **Tanya Hartje** for her service as Troop Committee Chair and for all she has brought to the Troop. Tanya has been an active part of Troop 19's success over the last few years and we have been blessed with the energy she brings to the Troop.

I want to welcome our new Troop Committee Chair, **John Capets**. John is no stranger to the Troop as he has served as an Assistant Scoutmaster for

many years and he is already

active with the Troop and Crew. Let's all welcome John to his new position.

Troop and Crew family, let's all work harder than ever in order to make this a great year. As I start my 20th year as Scoutmaster of Troop 19, I look back over the years and think of where we started and where we are now. What a huge change! I am always on the look out for new things for the Troop. The best part, however, has been the time I have gotten to spend with some of the best Scouts and Leaders one could ever ask for. Thank you all for your ongoing support of the Troop.

In 2008, we will implement some notable changes. We will not be participating with Bass Pro Shops for fund raising. We hope

Banks' Bits

to have more Panther games to work. This will mean that we will need more participation than ever from all parents and Scouts on these events.

I wish everyone a very Merry Christmas and a Great New Year. See you in 2008!!

Troop 19 welcomes our newest Eagle

Scouts to our roll of honor. **Jonathan Charles Cannito** earned his Eagle Award on August 27, 2007. Jonathan becomes Troop 19's 63rd Eagle Scout and the 50th Eagle for Scoutmaster Banks. Jonathan's Ceremony will be held December 30, 2007 at Huntersville Presbyterian Church.

On Dec 27, 2007, **Joshua Matthew Hedrick** completed his Eagle board and earned his Eagle award. Josh becomes the 51st Eagle Scout for Scoutmaster Banks and the 64th Eagle in the history of Troop 19. Josh will receive his award at an Eagle Court of Honor early next year.

Please join us in congratulating Jonathan and Josh on their outstanding accomplishments.

Welcome to the Rising Webelos and Their Families

Dear Puppies,

I want to take this opportunity to say that Troop 19 is awaiting your arrival. Starting with the Webelos graduation in March, you will have the time of your life.

Why do we call you “puppies” instead of

Rising Webelos? We use this term to bring special attention to those Webelos who are joining us. Just like young puppies, our “puppies” are full of energy, excitement and enthusiasm. Troop 19 welcomes that spirit and wants to make your transition from Webelos to Boy Scouts a great experience.

We welcome you and look forward to many years of fun, adventure, challenges, opportunities and rewards. Scouts and parents alike will become part of the Troop 19 family. The experience is just beginning.

On the first three Tuesdays In February, the Webelos will be joining the Troop 19 meetings. The Scouts will get a chance to see the troop in action and meet many of the Boy Scouts who will be teaching, training and helping the new Puppies become members of Troop 19. Meeting times are Tuesday night from 7:00 to 8:30 PM. Please come in uniform.

I want also to remind parents and Puppies of important upcoming dates.

Wood Badge

The initial invitations have been mailed and registration will soon be open to all registered Scouters to attend Wood Badge SR-933. This is the premier training course for Scouters. Designed by Lord Baden-Powell, it teaches Scouters, in as practical way as possible, the skills and methods of Scouting. Over two three-day weekends, Scouters, in their patrols, participate in intensive training. Once this portion is complete, the practical portion begins: completing the Wood Badge ticket. Over a period of six to eighteen months, Scouters complete various projects in the service to others, service to the troop, and personal growth. Upon completion of the ticket, the Scouter receives a certificate, neckerchief, a leather slide, and two small wooden beads on a leather thong.

Leaders desiring a deeper dedicated involvement in the Scouting program, and who are otherwise qualified, will find advanced training highly rewarding. Wood Badge is an advanced adult leadership training program for all leaders in Cub Scout, Boy Scout, and Venturing programs.

Wood Badge has two parts. The first is the two 3-day weekends of practical experience where you learn skills and concepts that underscore the five Themes of 21st Century Wood Badge:

1. Bringing the Vision to Life
2. Models for Success
3. Tools of the Trade
4. Leading to Make a Difference
Living the Values

The 21st Century Wood Badge course brings together leaders from all areas of Scouting - Cub Scouts, Boy Scouts, Varsity Scouts, Venturing, and all levels of BSA's professional staff. Reflecting the best of nearly a century of Scouting experience, 21st Century Wood Badge also draws upon the most current leadership models being used by corporate America, academic circles, and successful outdoor leadership organizations throughout the country.

The Wood Badge course is designed

to represent a month in the life of a Scout unit. Participants will take part in numerous presentations, discussions, and activities that explore and advance a wide range of leadership philosophies and tools. In addition to all the opportunities for learning at a Wood Badge course, participants will find a tremendous amount of fellowship, a keen sense of accomplishment, and plenty of fun.

Wood Badge Objectives

- View Scouting globally, as a family of interrelated, value-based programs that provide age-appropriate activities for youth.
- Recognize the contemporary leadership concepts utilized in corporate America that are relevant to our values-based program.
- Apply the skills you learn as a member of a successful working team.
- Revitalize your commitment by sharing an overall inspirational experience that helps provide Scouting with the leadership it needs to accomplish its on-going mission.

Wood Badge is open to all adults who are currently registered with BSA. There is no tenure requirement but you must be trained to your registered position. If you are interested in attending, please contact Tanya Hartje, Course Director, at [REDACTED]

Flaming Arrow Patrol**

The Tsali bike trip was amazing in many ways. Some of the most exciting times of the bike trip were on the bike trails, (the Mouse Gap trail and Thompson Loop). And one of the coolest things was at nighttime. When we first arrived at our campsite I didn't realize it but you could have seen almost every star in the sky including the Milky Way because of how dark it was. The stars might have been amazing to see but it was still cold putting up our tents. In the morning, it was still very cold but there was excitement in the air about the bike trail.

After breakfast, we picked our bikes and prepared to hit the trail. When we came to the beginning of the two trails, we were given a lecture on how to be safe and stay on the trail. We then took pictures, and we were off! When we got to the intersection between the two trails we were going at an o.k. speed and there were some speed bumps we could pop wheelies on. When we came to the beginning of the Mouse Gap trail there was some confusion regarding which side of the trail we should start on. One of the leaders pointed to the direction he was told to go. And so we took that trail. At the very beginning of that trail, it was either up hill or down hill. And occasionally there were some sharp turns that you either went slow on or had to hit the brakes to stop from going of the trail.

Unfortunately, one of the older scouts had his bike chain break. Though they soon got it back on, one part of the bike had been broken permanently, and he had to walk the rest of the trail. The rest of the trail was easy, even though we were slowed down.

When we got back to the campsite we had lunch. After lunch, our senior patrol leader told us to mount our bikes. Most of the people who went on the Mouse Gap Trail in the morning were tired and didn't want to go, but the Brenden wouldn't let those scouts sit around doing nothing and got them to mount their bikes any way. We were split into two groups - one for Mouse Gap, and one for Thompson Loop. We

Tsali Bike Trip

were told to go with the same group that you went with during the morning ride. This time there was no lecture on being safe only two words, HAVE FUN.

When we got to the intersection, we went the other way for the Thompson Loop. On the trail, it was all up hill and no down hill for about 1 mile. When we got to the top, some of the scouts were tired and couldn't continue. One of the leaders rode down with them and we realized that we could now go longer without stopping. The way back down was fast but too short. In no time at all, we were all back at camp. After dinner, we re-viewed what happened during the bike trail during the campfire, and then went to bed. The next morning we were up early and on our way back home.

All in all, we had another successful bike trip. The general sentiment among the scouts was to plan future bike trips earlier in the year to take advantage of warmer weather. This will also permit the troop to consider other trail options that are otherwise closed at this time of year.

Special thanks are in order for Dan Tito for planning this great trip. Thanks Dan for a wonderful experience and for all you do for Troop 19

Congratulations to Troop 19 Scouts and Leaders. We have earned the 2007 Centennial Quality Award for the troop. Great job everyone!!

We arrived at Camp Daniel Boone late at night on Friday, November 16th. It was very cold! The temperature was reportedly at 26 degrees Fahrenheit that night. We camped in the camp's parade grounds without a campfire. No campfires were allowed because of the

Camp Daniel Boone Trip

drought. We stayed warm though, bundled up in our tents with our cold weather sleeping bags.

Saturday morning, we enjoyed climbing up a steep hill. After our hill climb, we gathered together to learn knot tying. After stopping for lunch, we had some free time. Free time was another chance to climb up the steep hill! When we returned from conquering the steep hill, we had a chance to learn orienteering skills. After orienteering training, we took a hike and saw some new cabins. We also found a dead possum.

Saturday night, we were invited into Camp Boone's lodge. We had hot chocolate in front of their great stone fireplace. I learned that a number of Boy Scouts have been married at Camp Daniel Boone, and had their reception at the lodge.

Sunday morning we broke camp bright and early and were on our way home. We had a great trip at Camp Boone.

The last "meeting" that we had was outstanding and I would like to give special thanks to Mr. Jahns for doing such a wonderful job at organizing it and Mr. Capets for his outstanding job as well. The most amazing thing that I saw was how many Scouts that showed up to sing Christmas carols. I saw some Scouts that I had not seen in weeks and to them and all the ones who attended or wanted to attend thanks for coming!

Hornet's Nest Trail

By: Evan Napier

Troop 19 and the Webelos Scouts from Pack 19 hiked the Hornet's Nest Trail a few weeks ago, it was loads of fun. I learned a lot about history in our area. I never knew how much history happened so close to home. This trail was not how we think of most trails. We all loaded on the bus and headed out for the day. We had a bunch of little stops at the beginning on the north side of Charlotte and then we walked all through downtown. It was definitely not what I thought of when my dad said "trail".

Our first stop was General David-

son's monument near Cowan's Ford. Stop number two was at

Hopewell Presbyterian Church to see where he was buried. After viwing his graves site, we went to the site of the Hornet's Nest battle where 14 American's fought off 600 British soldiers! After that we went to Elmwood Cemetery, walked downtown and had lunch at Greens - the hot dogs were really good!

On the way back we stopped at the site where the Mecklenburg Declaration of Independence was signed. We also learned about many of the important historical facts of Charlotte like the founding of the town of Charlotte, Queen Charlotte of Mecklenburg who gave us the name Charlotte and many other his-

toric people who came to Charlotte including Martin Luther King.

This may sound boring but it was loads of fun! The hike was several hours long and we got to hang out with our friends and fellow scouts. Next time you are looking for a fun and educational activity, ask Mr. Banks if we can go on one of the other American Historical Trails.

Special thanks are in order for Keith Napier who helped to organize and run the Hornets Nest Trail outing. The Scouts had a great time thanks to the super efforts of Mr. Napier to make this event special.

When you next see Dave, congratulate him on this terrific opportunity to learn about Scouting in another culture!

Other international opportunities for both youth and adults are available. These trips are spon-

sored by the BSA's International Division. Currently, we are taking applications to participate in an International Contingent at Philmont Scout Ranch next summer. If interested, please contact **Tanya Hartje**, International Representative, at [redacted] or via email at ttinc49442@aol.com
