Dear Troop 19 Family:

Another Scouting season has started and we are off and running. We have elected new troop leaders and these Scouts have completed TLD and have taken up their new positions. Let's be sure to support them as they begin their tasks.

I want to welcome our new families to the troop and recognize a couple of our leaders. I want to thank Ken and Marissia Jones for handling the Troop Treasurer position for us. They have decided to step down from the Troop Committee. Coming in to take up the Treasurer's duties will be Kevin King. Kevin returns to the troop after a couple years away. He is a

Vigil Honor member of Catawba Lodge and has two sons who have earned their Eagle in Troop 19.

I also want to thank ASM Dave McDonnell for his efforts to get the new shelters for the Troop bus and trailers built. I also want to thank Mark Chapman and his team for all the painting they did around the Scout hut and church. It looks great!

Finally, I want to add a reminder to all Scouts and families about our Courts of Honor. The Troop holds three Courts of Honor each year. These are very special events where all our Scouts are recognized for their hard work and successes. These events are meant to share

with the entire family - mothers, d a d s , grand- parents and sib- lings .

Every- one is welcome to come and join in the celebration of your Scout's success and in the celebration of all the Scouts who make up our troop. Scouting is a stronger program when the whole family participates. Please be sure your whole family comes to share it with us.

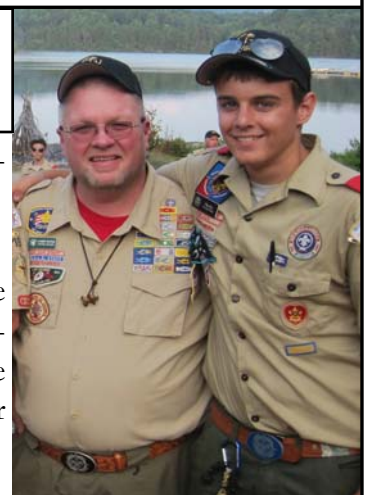

Yours in Scouting,  
Larry Banks

## *Eagle's Aerie*

Troop 19 welcomes our newest Eagles to the Eagle's Aerie. Joining the ranks of Eagle for Troop 19 are:

**Timothy Scott Nye** who completed his Eagle Board of Review on August 15, 2011. Tim becomes the 93rd Eagle Scout in Troop 19 since 1938. Tim also becomes the 80th Eagle for Scoutmaster Banks since his first Eagle in 1994.

# Crew 19 and the Appalachian Trail

By McKenna Jahns

*McKenna Jahns has served as Crew President the last 6 months. She and the Crew recently trekked along the Appalachian Trail and she writes of their adventures*

How many people can say they've hiked 50 miles on the Appalachian Trail? Not a lot of people. When I first heard of this trip, I thought of it as, "When I do this, I'll be one of those few people. It will be an accomplishment." And it was. But it was also SO much more. It was an experience of a lifetime.

### Day 1:

After a 6 hour drive to Springer Mountain, EVERYONE was ready to get out of the van. A quick word on that vehicle. Every minute you are in it, you feel like it is going to fall apart. I think that van is older than me! Anyway, we hiked up to the top of Springer for a photo at the beginning, or the end, of the Appalachian Trail. Then, we hiked approximately 7 miles to the shelter in which we would be staying that night. This was one of my favorite shelters, because a cat lived there. It ate all the mice I suppose, and followed me everywhere, and I do mean EVERYWHERE.

### Day 2:

This day was a little bit harder for me. From the first day, I was feeling confident because it was a fairly easy hike. But this was not like the first day. There were some tough climbs in the morning, but that was the only hard part about this day (which was fine with me). The rest of the day was fairly level and scenic. That night, we stayed in a shelter, which supposedly had lots of mice. No, our cat

did not follow us for our hike that day. Fortunately, I was out cold before any mice could keep me awake all night.

### Day 3:

This was the first extreme day. Lots of climbs, steep downhills. Oh, and it was about 12 miles long. On days like this, my aunt and I would make like Rudolph and just "put one foot in front of the other..." I only had one memory from this day that will stay with me FOREVER. Trying to jump into my dad's hammock,

only to have it capsize and drop me onto a rock.

### Day 4:

This day was so different from the first 2-3 days. You started to get fit, you knew you could do it, and you just wanted to get it over with and go home. We did about 14.2 miles that day in 12 hours. Keep in mind that we had full packs ranging from 25-40 pounds. Also, the terrain was tough. We hiked ¾ miles to the top of Blood Mountain, then about 2 miles of extremely steep downhill.

### Day 5:

This day was truly amazing. We did about 10 miles in 5 hours on rough terrain. I don't know what drove everyone to go so fast on the days. Maybe finally finishing and having the great sense of accomplishment? Fast food? Going home? (It was the Double Baconator at Wendy's for me.)

All in all, this was an amazing trip, and I highly recommend going on it. I am so glad I did. Thank you to all the advisors and kids that made this trip fun.

Sincerely,

McKenna Jahns  
Crew 19 President

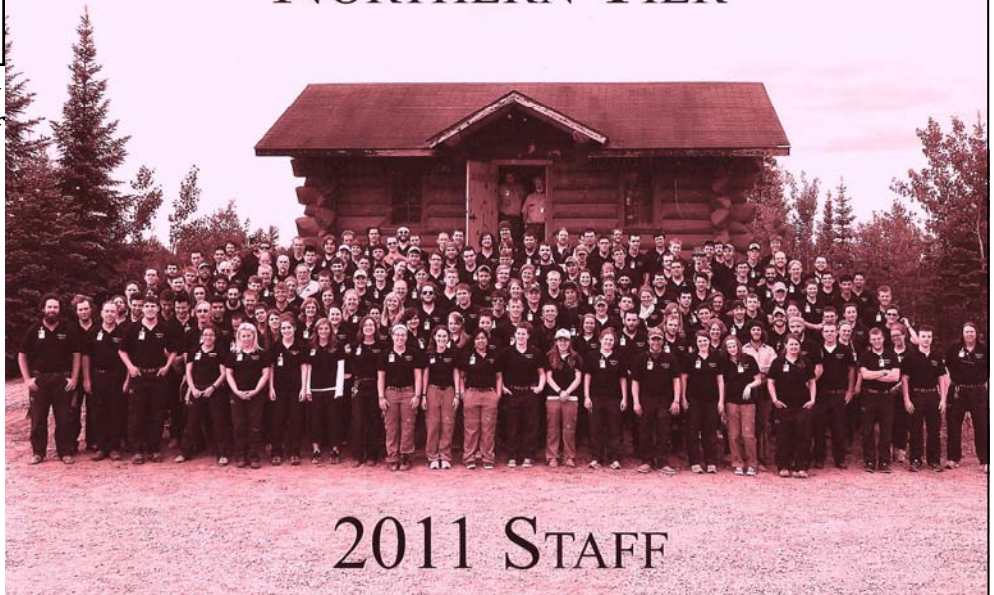

## Northern Tier Staff

*This summer Troop 19 Scout Danny Ryan served on Staff of the BSA Adventure Base Northern Tier at Ely, Minnesota. Danny writes of his time on staff.*

This summer I worked at the Northern Tier BSA High Adventure Base in Ely, Minnesota. My first day on base was June 9th. During this time I worked and trained as an Interpreter (canoe guide), guiding groups of youth and adult Scouters through the pristine Boundary Waters Canoe Area Wilderness.

After a week and a half of hands on training, I was assigned to lead my first crew for the summer. This group was from St. Louis, Missouri. We had a great time together and even though the weather wasn't the greatest, we all stayed safe. The St. Louis contingent consisted of four Dads and their four Scout sons. The adult leaders and I had to treat a few of the Scouts for shivering and

## NORTHERN TIER

mild hypothermia after we had gotten pinned in a bay on Basswood. We applied our Wilderness First Aid skills as needed. Despite this setback, everyone came off the trail with a smile and a wonderful camping experience.

During the last month of my time at Northern Tier I was assigned two more crews. The first was from Waxhaw, North Carolina. This contingent consisted of two Dads and two sons who were Scouts and three other Scouts. We had some wild weather on this trip with some powerful thunderstorms. My final contingent was from Parker, Colorado (Denver area). This group was a lot of fun as well. There were two Dads and five Scouts in this contingent. I headed back to good old Charlotte on July 20th.

This summer experience is one that will last a lifetime in my memory. Overall my experiences this summer at Northern Tier were terrific. For any Scout wanting to apply to Northern Tier BSA High Adventure Base, go for it!!! It is well worth the experience.

# Troop 19 Fall Elections

The results are in and our new leaders have been elected and selected. The Scouts took over their duties upon completion of their TLD training on September 27. Please join us in welcoming our new Scout leadership.

Evan Napier, was the patrol leader for the Larry Banks' Army Patrol.

The beautiful weekend of September 9<sup>th</sup> through the 11<sup>th</sup> was the 2011 Senior Camporee and Troop 19 had 3 of the 14 participating patrols.

We not only had good spirit but tried our best to conquer all the tasks thrown at us. Although we slipped up on a station or two we still pulled out an impressive third place! Because an accomplishment like this is a team effort I would like to give credit to my entire patrol which included: Thomas Chapman, TJ Butner, Chris Harris-Pitton, Mitchell Hutula, Tyler Key, and William Rooker.

As anyone who was on that trip probably noticed there were way too many scary Larry faces and that is because I,

This weekend was a great weekend for my patrol and I, we had nice weather, a good time, and a prized paddle for getting third place.

By Jesse McDonnell

The weekend of September 9<sup>th</sup> Troop 19 and Crew 19 participated in a camping trip filled with many great challenges and many others troops to interact with.

Saturday, we split into our patrols, Larry Bank's Army (LBA), Steve Urkel, and our crew, the Bob Marley Patrol. After breakfast that morning we went to our first City-Station.

This is where the troop running the station gives us a challenge and any rules necessary. We then try to complete the task. While we work at the task,, the leaders of the station are judging our performance.

After doing seven more stations around the camp, the day is finished by attending campfire. This is when the

staff gives out individual city awards and final award of the night is champion.

In the end the competition is always very close, the top ten has been as close as twelve points before. This year our highest ranking patrol was LBA. They placed in third. They were only a mere two points away from victory.

Although only three patrols could win awards, all patrols had a great deal of spirit throughout the weekend. It was a lot of hard work but we had fun did our best. This just shows what a great weekend it was.

# Wood Badge Beads

Wood Badge is Scouting's premier training course. Designed by Scouting founder Robert Baden-Powell so that Scouters could learn, in as practical a way possible, the skills and methods of Scouting. It is first and foremost, learning by doing where members of the course

form patrols and a part of a troop. The entire troop lives in the out-of-doors for a week, camping, cooking their own meals, and practicing Scout skills. After the practical portion is completed, Scouters develop a series of goals to benefit their personal growth in Scouting and a series of tasks or ticket to benefit Scouting.

On September 15, 2011 Troop Committee Chair **Eddie Shaner** received his Wood Badge beads in recognition of completing the National Wood Badge requirements. Eddie participated in the Wood Badge course SR 1037 and is amember of Eagle Patrol from April through May 2010. Please join us in congratulating Eddie on this achievement and his dedication to scouting.

## *1st Hornets Nest Jamboree*

**By Daniel Wood  
Cobra Patrol Leader**

This was my first camping trip as a patrol leader so I was just learning how to lead a patrol. Saturday, my patrol had a rough start. I didn't read our schedule right so I ended up waking the patrol up early at 5:45 a.m. In my opinion, I don't think any of us Scouts will forget that mistake. We had burritos for breakfast that morning. After that, we cleaned up and got ready for the day.

My patrol walked all around camp. We had 5 stations that day. The stations were knots, cooking, the C.O.P.E. tower, compass, and first aid. We learned many of the Second Class requirements for the day. On our way to every station, the boys in my patrol sang a lot of songs and chanted a lot of cheers.

For dinner, the whole camp had Salisbury steak (some of the best camp food I ever had.)

After dinner, we came back to the mess hall to clean up. My patrol and I were pretty tired after walking all day at that point. We still acted energetic though. After dinner, we went to the campfire. A lot of awards were handed out, a couple skits were preformed, and then it was time to go back to the campsite.

The next morning we woke up (I made sure to stay in my tent until it was time to wake up) and we headed off to the Sunday morning religious service. When it was over we got onto the Brownie Wagon and went to Bojangles for breakfast. Once we got back to the church we had closing and went home. In my opinion this trip was a practice for me to find out how to lead a patrol. I don't think I will forget it anytime soon.

**By Grayson Key  
Viking Patrol Leader**

About a month ago, I went on the Jamboree Camping trip. I had a lot of fun on that trip. My favorite thing to do there was probably climbing the rock wall. It was my first time on that wall but it was very easy for me.

This trip was my first trip where I got to practice being a good patrol leader for my patrol: The Vikings. I think we all did pretty well and cooperated with each other on all our tasks.

All of us learned many things at the stations. One of the things that I found interesting to learn was how to tie the

## *My Jamboree*

Bowline Knot with one hand.

Every morning when we woke up we got to cook breakfast. The food that we made was very tasty and was fun to make with all of my friends in our patrol. As patrol leader, I got to pick the jobs for the rest of the Scouts in our patrol to do when cooking the next day, so that we each got a turn.

Right before we left we had a Chapel Service to honor the tenth anniversary of 9/11. I was one year old when this happened but I still feel affected by that horrible day.

The Jamboree trip was a lot of fun and I wouldn't mind doing it again any other time if I could.

On October 7-9, three Troop 19 scouts and two Crew 19 Venturing Scouts and the Crew 19 Adviser completed the Leave No Trace Trainer Certification Course.

This 16 hour course is designed for those who want to expand their knowledge of Leave No Trace practices and teaching skills, particularly as related to *teaching* Leave No Trace Awareness courses. This course covered the seven Leave No Trace principles and discussed wildland ethics, as well as gave the participants the tools and techniques for disseminating low-impact skills to recreationists and the scouting community.

Upon successful completion of the course, these Scouts and Scouters are now qualified to teach Leave No Trace Awareness courses as well as assist a master educator on future Leave No Trace Trainer courses. Also as a Boy Scout, these scouts are qualified to hold the BSA Leave

No Trace Trainer leadership position in our troop. The Leave No Trace Trainer course emphasizes skills and techniques essential to Leave No Trace minimum impact outdoor ethics and education.

Congratulations to Evan Napier, Hayden Fox, and William Rooker from Troop 19, and Eric Vest, Luke Jahns, and Ken Jahns from Crew 19.

Also, thanks goes out to three adults that came out to help teach this course; Paul Summers (LNT Master Educator) and Steve Cannon (LNT Trainer) who spent the entire weekend with us, and Steve Moore (Master Educator) who helped on Friday evening.

After graduation, Jonathan has been stationed in Coronado, CA where he is training to be a SEAL Special Warfare Combatant Crewman (SWCC). SWC crewmen navigate vessels for Navy SEAL teams. Jonathan is also working on securing a position in SWCC corpsman school.

To the Scouts of Troop 19,

I want to thank all who voted for me for the position of Senior Patrol Leader. I love this position, and being around all of the scouts in Troop 19 makes it so much more fun and enjoyable.

I plan to do my best at being a servant leader; I will work to make sure that your experience in Boy Scouts is enjoyable and fun.

That being said, if your patrol has any aideas for what

## NOAC 2012 Patches

Hey Mr. Banks & Fellow Scouters,

In the summer of 2012, the theme for the Catawba Lodge NOAC Delegates will be to promote "Protecting Birds of Prey". In this cooperative effort, the Catawba Lodge and the Carolina Raptor Center seek to promote awareness and help to protect the birds of prey in North America.

In this newsletter is are forms give you an opportunity to purchase some really cool patches and to support our Lodge, as we prepare for the 2012 National Order of the Arrow Conference. The Lodge has two different sets available for Scouts to buy. The "Fundraiser" patch sets *anyone* can buy, you don't have to be in the Lodge, heck

you don't even have to be in Scouting to purchase these. They are available for \$10 per set.

There is also a "Trader" set now available for pre-order and those are available for \$5 per set, only available for Scouts within the Catawba Lodge. All profits from the sale of these patches will help defray the cost for the 2012 Catawba Lodge NOAC Delegates. And you just never know when you might need another Scout patch, or three, or five!

Thank you in advance for your purchase and for supporting us in this effort.

Yours in Scouting,  
Danny Ryan
